

# DENTISTRY FOR PEOPLE WITH DISABILITIES

The Utah State legislature appropriated state funds for a pilot program utilizing staff and facilities at the Utah State Developmental Center to provide basic and essential dental services for people with disabilities who do not reside at the Developmental Center

## Program Criteria for Participation

Any person with a disability is eligible to receive services from the Featherstone Ridge Dental Clinic if they meet the following criteria:

1. Are eligible to receive services from the Division of Services for People with Disabilities. (DSPD)
  - a. **To see if you qualify for Division Services, call the following phone number; 844-ASK-DSPD or (844-275-3773)**
2. Are a current full-time resident of the State of Utah.
3. Demonstrate lack of available services by private practitioners.
4. Determine that the type of dental work needed is provided by the Featherstone Ridge Clinic.

## Treatments

The following dental treatments will be provided:

1. Consultation
2. Cleaning
3. Endo anterior work
4. Extractions
5. Crowns (stainless steel only)
6. General anesthesia, if required

Request for Service Forms” are located on line  
On the USDC Website at  
<http://usdc.utah.gov/featherstone-ridge-dental-clinic/>

## Process

The general process for implementing the program will be as follows:

1. *Screening*. Participants will be required to fill out an application and a Request for Services Form that will be reviewed by the Utah State Developmental Center Dental staff.
2. *Consultation*. Applicant, along with his or her parent/guardian/provider, will meet with dental staff to determine specific needs and services.
